

Valor Bargaining Report #17

Thursday, August 27, 2026

CWA Local 6171 – Valor Unit Group Bargaining Committee Report

The bargaining committee has not met on the record this week, as we have dedicated our time to analyzing the financial data received through our information requests. Our objective is to develop a comprehensive financial overview of the proposals and counter-proposals currently under consideration. We are working closely with the CWA National research department to build financial models that illustrate how these proposals will impact our members. Additionally, we have engaged in informal discussions with the company to exchange information and clarify outstanding questions. Both sides remain fully committed to reaching a final agreement before Monday's deadline.

We have received reports that management is requiring technicians to surrender their work keys during evenings and weekends; we request that everyone continue to comply with this directive.

The bargaining team is encouraged to see pictures of members wearing their Red shirts in the field. Please continue to share photos with your Local leadership so that we may feature them on the website shortly.

Remember to wear **RED** on Thursdays, Stay United and sign up all non members.

In solidarity,
Your 2026 Bargaining Team
